# THE GLOSSWOOD ADVANTAGE

Our wall and ceiling boards are a premium product at a cost-effective price that is guaranteed to transform your interior or undercover outdoor area.

**PREFINISHED** Choose from a wide range of Matte and Satin UV colours, and install with no sanding or painting required.

**EASY-TO-INSTALL** Our 90mm and 130mm wide boards with a V-joint tongue-and-groove profile allow for quick installation. Choose from a range of 2.4m lengths in packs of 8 and 3.6m lengths in packs of 10.

Merbau Matte 90mm

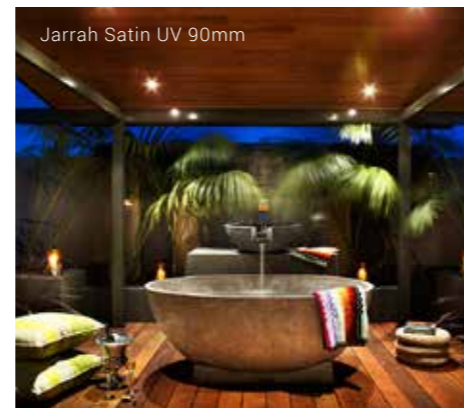

Charcoal Matte 130mm

Jarrah Satin UV 90mm

Clear Ash Satin UV 90mm

Jarrah Satin UV 90mm

Guaranteed to transform your interior or undercover outdoor area.

**NATURAL TIMBER** Our boards are made from a sustainable, lightweight hardwood, which is plantation grown and renowned for its beautiful woodgrain. The timber has natural properties that help protect against termites and rot, plus has excellent acoustic characteristics and is dimensionally stable.

Cedar Satin UV 90mm

## QUANTITY REQUIRED

- 1 Measure the area and calculate square metres (sqm) you require.
- 2 Convert sqm you require to the number of packs to cover the area allowing approximately 10% wastage for cutting.
- 3 How many packs will I require? See table.
- 4 Measure perimeter to work out how many lineal metres of trims you require.

- + NATURAL TIMBER
- + PREFINISHED
- + EASY-TO-INSTALL
- + RANGE OF COLOURS
- + MATCHING TRIMS

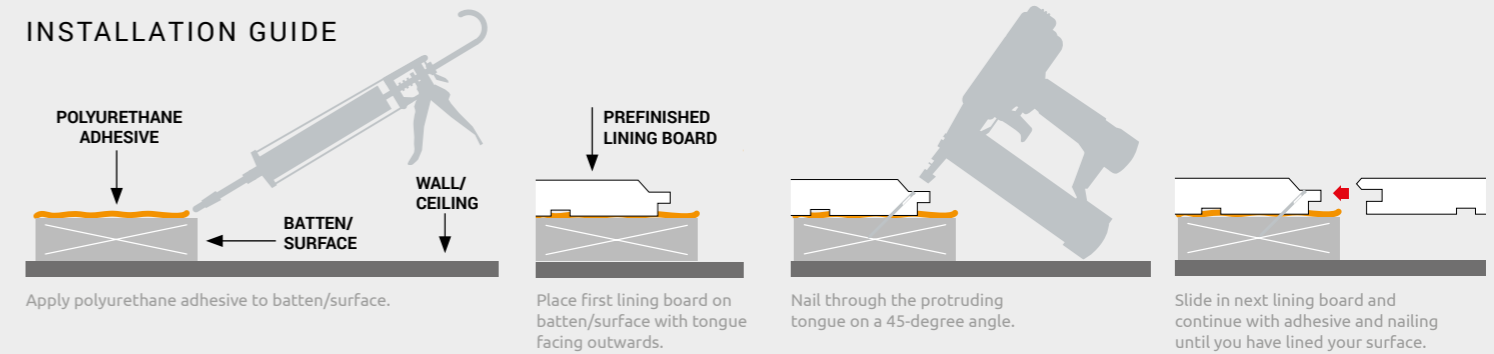

Boards Per Pack	Board Size	Length	Coverage Per Pack
10	90 x 9mm	3.6m	3.1 sqm
10	130 x 10mm	3.6m	4.5 sqm

See back page for product codes.

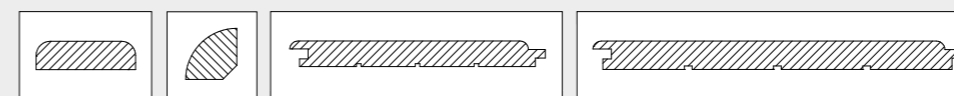

White Satin UV 130mm
