

BARN DOORS

SOLID CONSTRUCTION | CONTEMPORARY | CREATIVE SOLUTIONS

A **fashionable** and **effective** door that allows you to use your **creative flair**!

M&B offers our beautiful timber 'Barn' style doors in a Raw Mindi or Primed MDF finish and you can choose from five different patterns. These finishes allow you to be creative either by using various stains to colour the raw Mindi, or painting the primed MDF in white or a bold splash of colour to showcase your design flair. Add your own 'texture' or 'style effect' to match a range of industrial look exposed sliding door rails in square and round bars in matt black or stainless steel. The sliding door system, depending on brand and style, can hold doors up to 150kg. Add pull handles or flush pulls to complete your favourite look - Farmhouse, Colonial, Scandinavian or Industrial.

So don't just think of barn doors to close-off the family room ... they are a clever way to hide the home entertainment system, create a rustic bed head, internal shutters to keep out the light in a theatre or to hide the bookshelves. The only limitation is your imagination.

BARN DOORS

SOLID CONSTRUCTION | CONTEMPORARY | CREATIVE SOLUTIONS

Specifically for internal use, M&B Barn Doors feature a double-sided pattern and are constructed with a solid Mindi timber core and either a stain grade raw veneer or a paint grade MDF veneer.

The addition of the finest ‘exposed’ sliding door systems in various profiles and finishes, along with stylish door furniture all make your Barn door really special.

BARN DOORS - Specifications	RAW (Mindi Veneer)	PRIMED MDF
2040 x 820 x 35mm	✓	-
